**PW362718**

## FEATURES

Breathe cleaner air and enjoy less greasy residue in your kitchen

Make a statement with a stainless professional look or opt for lower-profile "hidden" ventilation

Select from internal, in-line, or remote blower options (blower required)

Illuminates your cooking area with LED lighting with two brightness settings

Rely on a heat safety sensor that automatically turns on the blower or increases its speed when exhaust temperatures exceed 200 degrees Fahrenheit
